EXPERIENCE & PROJECTS

PEDAGOGICAL ASSISTANT & HUB MANAGER - *EPITECH*

FEBRUARY 2024 - PRESENT

- Mentored students throughout their academic and technical projects mainly in C and Python.
- Gave Low-code and coding club classes to students eager to learn.
- Oversaw ongoing projects and encouraged innovation and initiative.
- Organized workshops, tech talks, and hackathons to enhance learning experiences.
- Managed the Hub and school inventory to ensure smooth operations.

FREELANCE *WEB & MOBILE - SHARETOGO*

MARCH 2023 - PRESENT

- Designed and developed a React Native app with Firebase backend
- Implemented key features: ride reservations, group chat per ride, reviews, user profiles, and ride management
- Focused on smooth UX and real-time interactions for a seamless carpooling experience
- Handled data structuring, authentication, and robust error handling
- Collaborated closely with a small team to deliver a functional MVP tailored to student needs

WEB DEVELOPER - SARL GAZ HCFC

APRIL 2023 - AUGUST 2023

- Designed and branded a new company from the ground up to stand out in a competitive market. Developed a modern website using ReactJS and crafted the UI/UX in Figma to ensure a strong and cohesive visual identity.
